

Addendum to Harrison Nursery School Child Protection Policy Covid-19 Arrangements for Safeguarding and Child Protection

1. CONTEXT

From 20 March 2020 parents were asked to keep their children at home, wherever possible, and for schools to remain open only for those children of key workers and children who are vulnerable.

The current national health concerns relating to Covid-19 creates uncertainty in the lives of children and young people. Daily routines, family life, friendship groups and the safe space that schools provide have been disrupted. For many children, the need to spend most of their day at home will bring an additional challenge, and for some this will be an additional safeguarding risk factor. It is important that the adults responsible for safeguarding children are sensitive to their physical, social and emotional needs in these most unusual circumstances. It is critically important that children who are or may be at risk are identified so that that a proportionate, compassionate and sensitive response can be taken.

2. PROCEDURES

Staff will continue to follow the procedures outlined in our school's Child Protection Policy which is available on our school website.

In addition the following arrangements have been put in place to support families and monitor pupil safety:

- The school email address, main school phone number and contact via teachers2parents text system or school Facebook page Messenger service is available to parents at all times.
- In HNS our online learning is provided via our public Facebook page & closed parents only Facebook pages. There are strict procedures (see point 3) in place to minimise risk.
- Parents directed to additional online learning, support and guidance as appropriate.
- Staff are aware to stay safe when using online resources and to report any concerns to a member of the safeguarding team.
- In line with the information previously provided to schools by the EA CPSS, teachers may make phone calls to parents. These will be pastoral in nature and a record will be kept of any issues reported by parents. Any concerns around pupil well-being will be shared without delay with a member of the Safeguarding team.
- If a member of staff is using their personal telephone their number will be withheld to ensure the protection of private information of staff

3. ONLINE SAFETY

In order to ensure the safety of all involved the following guidance should be followed if staff and pupils are engaging in online teaching/communication using video conferencing or recommended platforms.

- Teachers and pupils need to be fully dressed and should not wear pyjamas/sleep wear during the session.
- Students cannot participate from a bedroom.
- The teacher arranges the session and password and shares this only with pupils.
- Pupils must agree not to share the password with anyone else.
- Parental consent will be sought before their child attends online sessions.
- A disclosure or concern over any online forum will be followed up as it would be in school.
- Online sessions should be time limited for the benefit of both children and teachers.

If there is a breach to any of these procedures e.g. pupil gives the password to someone else who joins the group the teacher should immediately terminate the session and advise the Principal.

4. HOW A PARENT CAN RAISE AN ISSUE OR EXPRESS A CONCERN

We would welcome parents asking for advice and help if they have concerns about their child's well-being or safety. Asking for help is a protective factor and parental concerns and requests for help will always be taken seriously.

Any member of staff will listen carefully to parental concerns and ensure that the request for help, if necessary, is brought to the attention of a member of the safeguarding team. In this case a decision can be made as to how best to provide help.

5. HOW A CHILD CAN RAISE A CONCERN

Our safeguarding responsibility to all our children continues and we will seek to maintain contact with our children and young people as well as signpost them to other agencies as necessary.
